Haag Education Co. certifies that the person named on this certificate successfully completed the Haag Certified Inspector-Residential Roofs program. Successful completion of this HCI program is determined by 100% verified attendance during all training modules and achieving a passing score on a proctored, cumulative exam. All Haag Certified Inspectors must maintain their good standing by re-qualifying and renewing their certification annually. The status of any Inspector's certification can be verified at [www.haagcertifiedinspector.com](http://www.haagcertifiedinspector.com). Haag Education Co. does not guarantee the competency, ability, knowledge, or quality of the work of any person who is not an employee or contracted representative of Haag Global, Inc., or any of its subsidiaries.
